Now you can create the Warm-up you've always wanted. The Worksheets will allow you to “think outside the box”. Because you direct our fashion designers with your sketch, that One-Of-A-Kind Warm-up is finally possible. If you need assistance in creating that special floor presence, just give us a call.

Use colored pencils to indicate your design pattern, call out color stripes or fabric inserts, even team personalization as well as fabric selection. When you've completed your Worksheet, fax it to us at 651-322-8181 or scan your drawing and send it electronically to us at: info@cheerfactor.com
